

LOT CODE EXPLANATION

Our Lot Code is a unique, computer-generated number assigned to each and every batch that contains product identification numbers and production dates.

Below is an explanation of the method used to define the Lot Code for our products:

Lot Code format: 010159 080317A

010159 – Product Identification Number

080317 – Date Code (MM/DD/YY)

A – Sequential lettering for batches of the same product
produced on the same day
