

Lot Code Change

March 19, 2021

The format of our Lot Code will change on our labels and other informational documents, effective April 1st, 2021. Below are examples of our Current Lot Code Structure and Future Lot Code Structure.

Current Lot Code Structure:

Lot # = Product # + space* + Manufacture Date (MMDDYY) and Batch letter (A,B,C,etc)

Flavor: Lot # C105830091520A (7 digit items)

Flavor: Lot # G13230 091520A (6 digit items)

*space is only used for 6 digit item codes

Juice: Lot # 010135 091520A

Future Lot Code Structure (Starting April 1st, 2021):

Lot # = Product # + space + Plant Code + space + Manufacture Date (MMDDYY) and Batch letter (A,B,C,etc)

Sutter Ave, Pacoima (Plant Identification code 20)

Lot # 010135 20 091520A

Knowles Ave, Los Angeles (Plant Identification code 30)

Lot # C32830 30 091520A

Lot # C105830 30 091520A

Athy, Ireland (Plant Identification code 80)

Lot # 010135 80 091520A

Lot # C105830 80 091520A

Lot # C32830 80 091520A

Below is an explanation of the method used to define the new Lot Code for our products:

Lot Code format: C32830 80 091520A

C328 – Product Identification Number (C-328)

30 – Internal Number

80 – Plant Identification code

091520 – Date Code (MM/DD/YY)

A – Sequential lettering for batches of the same product produced on the same day

If you have any questions or concerns, please contact your Account Executive or the Customer Service Team.
